### Student Knowledge Evaluation System

The goal of evaluation is to determine student's education results qualitatively in relation to academic program goals and parameters.

Student may be assessed orally and/or in a written way. A student's knowledge and skills are assessed through 100 points grading system. It consists of midterm and final evaluations, sum of which makes up 100 points.

Grading system allows:

a) five types of positive grades:

- 1) (A) Excellent – 91-100 points of assessment;
- 2) (B) Very good – 81-90 points of maximal assessment;
- 3) (C) Good - 71-80 points of maximal assessment;
- 4) (D) Satisfactory - 61-70 points of maximal assessment;
- 5) (E) Enough - 51-60 points of maximal assessment;

b) two types of negative grades:

- 1) (FX) Fail – 41-50 points of maximal assessment, meaning that a student requires some more work before passing and is given a chance to sit an additional examination after independent work;
- 2) (F) Fail – 40 points and less of maximal assessment, meaning that the work of a student isn't acceptable and he/she has to study the subject anew.

For the midterm and final evaluations minimal passing grade is set. The final evaluation minimal passing grade must not exceed 60% of final evaluation grade.

Midterm and final evaluation grade distribution, their minimal competence levels and assessment criteria are described in the corresponding syllabus.

A credit can be awarded only after the attainment of learning outcomes, envisaged by the course syllabus and following requirements:

- a) Obtaining minimal competence levels set for midterm and final evaluations;
- b) Obtaining minimum 51 points out of 100 points of final grade.

A student is allowed to take an additional (make-up) exam in case he/she scored 41-50 points of final grade or minimum 51 points but did not obtain minimal competence level set for final evaluation.

Dissertation is assessed by a jury during the defense.

During the **defense** of the doctoral dissertation, the assessment takes place according to the following rubric:
